PART II ARE YOU WILLING TO VOLUNTEER OR CHAIR ANY OF THE ABOVE?

- 1. Yes, I would be willing to volunteer or chair the following:

- 2. Would you be willing to partner with someone (not necessarily Philoptochos members) to do at least **one visit a year** to nursing homes. This would help supplement the visitations that Anne Hadjioannou already does. Yes No
- 3. Be part of a welcoming committee, a large and informal committee with no specific obligation or time schedule. This committee would simply be a group of people on the lookout for newcomers and/or individuals/families who are not part of the various social groups that meet during the fellowship hour. Committee members could approach them and invite them to meet their group and/or introduce them to other groups. Also they could inform them of our different activities and organization, and to even encourage them to become active members of the community by volunteering. Yes No
- 4. Finally, are you interested in volunteering for:
 - The Greek Café and Pastry sale on October 2, 2010. Yes No
